They may purchase a membership anytime during the year for the 2009 season. Remember...if you are transferring a membership, the Board must approve the transfer. Lake News – Jim New

There is a lot of silt coming into the lake at both creeks on the north end. A lot more than we thought there would be at this time. The lake is still in pretty good shape. I see a lot of large bass and brim around my dock so I know the fish population is still good.

I finally felt well enough to get my boat out and ride around the lake for the first time in quite a while. I see a lot of new landscaping and some new docks. Thanks to those people who have made these improvements. I also saw a lot of old, rotting docks that have become eyesores from the lake.

I have not seen much activity on the lake and it sure needs to be fished a lot more. I had one report from a neighbor who walks around the lake daily and said he had seen a couple of large dead grass carp. I sure hope they were some of the older ones and that they died from old age because we need the carp to keep the weeds down. Hope everyone had a great summer.

Tennis Information – Iris Livingston
